

## **Regina's Rescue is Growing and We Need Your Help Today**

Regina's Rescue has been working on being able to provide a building for the animals. Over the last few years, it has been a struggle to get the funding that is needed to get the project moving along. We have had a lot of volunteers come and give their time to us and it is greatly appreciated!

Unfortunately, time is not the only cost it takes to get the building funded and get the appropriate materials. With the current inflation of materials, our budget has gone up, and the number of animals rescued has gone up so also which means that we need more room to house the precious animals.

The rescue has been working on ways that they can raise money that goes directly to the building fund. The newest idea was to go out for-grant funding and will have the help of a grant writer. There is a monthly cost for this service, and while it is being provided at a deeply discounted rate, the rescue is unable to provide the funds without your help. Anything that our followers can do to help fund the project will be for all of the animals that come to our rescue and to the families who get to take them home to their fur-ever home.

Regina's Rescue does not like to ask for donations. But it is time that we must go to our community and ask that you PLEASE help us accomplish this goal together. Why? It is time for Regina's Rescue to grow and meet its building needs. 100% of the donations go directly to the grant account and anything that is donated over the \$3,000 goes directly into the building funds account.

Any companies or individuals who would be willing to sponsor the rescue, we would be accepting of your support and will be able to provide your company with a tax-deductible receipt for your donation. We will want to work with each of the sponsors to get the supplies that are needed. If you like to collaborate with us, please be in contact with us so that we can be sure to get the proper supplies that are needed to make this a success. Again, we will be so grateful for your support in being a sponsor of the rescues.

Regina's Rescue is a 501c3 non-profit organization that will be able to give you a tax-deductible donation receipt for the donations that are made to help fund the building project. Please make sure that you leave your name, address, and phone number to ensure that the receipt is sent out accordingly.

Regina's Rescues Team wants to thank you for the support that we have received over the years and want to thank you for the continued support.
